

Gasoline Mechanic II

At Triangle Transit, we take pride in providing customers a high level of service and clean, reliable vehicles. We are seeking applications for an experienced Gasoline Mechanic to join our team. This position is responsible for providing ongoing service, preventive maintenance work and repairs on a fleet of vehicles that includes vans used for vanpools and para-transit services and other support vehicles. This position requires an experienced mechanic capable of performing complex diagnostic and repair work.

Responsibilities include (but not limited to):

- Performs more complex diagnostic and repair work on gasoline Engines, Transmissions, Electronic/Electrical, Driveline, Steering/Suspension, Brakes, Exhaust, Emissions and Hydraulic components.
- Performs inspections and preventive maintenance services.
- Uses diagnostic scan tools to troubleshoot Check engine lights and drivability concerns on Electronic Engine/Emissions Control systems.
- Repair vans according to technical service bulletins and service/repair manuals.
- Produces work orders using Assets Work, showing work performed, parts used, and vehicles serviced.
- Inspects for and reports on vehicle damage such as torn seats, fluid leaks, dents, scratches etc.
- Performs maintenance and repairs as required or as directed by the lead mechanic and Vanpool Manager.
- Responds to road calls, diagnoses and repairs if possible, schedules for tow service and loaner van if needed.
- Develop and maintain communications and good rapport with Maintenance and Paratransit staff, the Vanpool Manager and vanpool drivers.
- Supervises and negotiates the repair and service of vans with outside repair vendors to minimize unnecessary costs and repair delays.
- Fully knowledgeable of and maintains compliance with all Shop Safety and OSHA rules and regulations.
- Ensures proper use of safety tools and equipment at all times and understands the requirement for reporting Safety hazards and/or violations.
- Performs other duties as assigned.

This position requires a high school diploma or GED along with a good driving record and must have or be able to obtain a Class B Commercial Drivers License with a passenger endorsement. The candidate must be able to meet the Department of Transportation physical requirements and maintain a DOT card. Three years of proven gasoline powered vehicle experience with strong analytical and diagnostic skills are a requirement. Individual must hold ASE Certifications in Brakes, Engine Repair, Electronic/Electrical, Steering/Suspension, Heating/Air Conditioning and Drive Train. Certificates in Section 609 of the Clean Air Act Amendments of 1990 and performing both Safety and OBD II Emission Inspections in accordance with the State of NC Division of Motor Vehicle Regulations are a requirement. Candidate must be proficient

in the use of mechanic tools and various shop equipment, prior van maintenance experience and Ford Vehicle experience is preferred. Good communicational skills and ability to work well with staff, vanpool customers and the outside maintenance providers is necessary along with the ability to report to work during Adverse Weather conditions.

Starting minimum hourly pay is \$18.00. Interested candidates should email resumes to: jobs@triangletransit.org or mail to: Triangle Transit, Attn: HR, PO Box 13787, RTP, NC 27709. EEO. No phone calls or 3rd party solicitations, please.
